

# Charmonium production and decays: new results and perspectives

## vendredi 8 mars 2013

### X,Y,Z charmonium-like states (10:00 - 10:30)

| time  | [id] title      | presenter |
|-------|-----------------|-----------|
| 10:00 | [24] XYZ Theory | A. POLOSA |

### X,Y,Z charmonium-like states (11:00 - 12:25)

| time  | [id] title                   | presenter |
|-------|------------------------------|-----------|
| 11:00 | [55] XYZ at e+e- colliders   | R. MIZUK  |
| 11:35 | [56] XYZ at hadron colliders | W. QIAN   |
| 12:05 | [57] Discussion              |           |
