

# French-Ukrainian workshop on instrumentation development for high energy physics

## jeudi 2 octobre 2014

**Session “R&D on accelerators: lasers, RF and simulations” (chair N.F. Shul’ga TBC) - Salle bleue (11:15 - 12:10)**

time	[id] title	presenter
11:15	[21] Modelling of radiation effects and microstructure transformations in construction materials	V. KHARCHENKO
11:35	[22] Material analysis using RBS/C and ERDA/C techniques	A. VNUCHENKO
11:55	[23] Discussion
