Session 8 : Neutrino astro-nuclear physics (15:50 - 17:20)

time	[id] title	presenter
15:50	[1] Neutrino and weak processes in astronuclear physics	TAKA KAJINO
16:20	[2] Nuclear Shell-Model calculations for the LSP scattering cross sections of nuclei	JUSSI TOIVANEN
16:40	[3] Bosonic neutrino and two-neutrino double beta decay	FEDOR SIMKOVIC
17:00	[4] Status of KamLAND	JEAN-STÉPHANE RICOL
